5:30 PM Work Meeting

6:00 PM Meeting called to order by Tony Chelewski  
Pledge of Allegiance Tony Chelewski  
Prayer Hal Hamblin  
Announcements Tony Chelewski

## Announcements/Updates:

Tony Chelewski: Called Mike Kempf today. Rudy is travelling the road 4-5 times a day. Employees are also driving large rigs. Tony said he would contact Land Use for him. Shannon McBride said she received a call from Rudy; he has a job in the area and will complete it as quickly as possible.

**Motion** was made by Wade Heaton to approve the **April 12, 2017** minutes. Motion was seconded by Danny Brown. The Chair asked for any questions or comments. Motion passed unanimously.

**Motion** was made by Wade Heaton to go in and out of public hearing at the call of the chair. Motion was seconded by Dale Clarkson. The Chair called for the question and the motion passed.

There were a few questions on the drainage system; Tom explained how it is being handled and how it has been diverted into the main wash. (It is a substantial wash.)

Chairman Chelewski called the commission out of public hearing.

**Motion** was made by Hal Hamblin to recommend approval to the Kane County Commission, the Preliminary Plat, for Kendrick Rogers, of Palomar Estates, Phase 3-5, parcels 4-5-5-3C, 4-5-5-3D, & 4-5-5-3E. Motion was seconded by Wade Heaton. Motion passed unanimously.

Chairman Chelewski called the commission into public hearing.

**Administrative Public Hearing**      **(3.) Amending/Extending Subdivision Plat: Robert Hee, C.O.O. Canyon Land Development 1, LLC, Amangiri, Amending/Extending, 4, except for lots 14, 15, & 30, parcels 3-3E-32-2, 3-3E-31-3, & 4-3E-6-3; submitted by Iron Rock Engineering, Tom Avant holding Power of Attorney**

Tom Avant explained the ownership of the lots. He said they are doing a tent development (called glamping); a fancy form of tent camping for people who visit Amangiri. It is out of their flood plain. Tom explained the layout of the development.

Tom said they are also building a common area (building) for people checking in. This development has to switch in and out with two different companies (and do land swaps) for tax purposes. At this time the plats are being extended. The entities must be kept straight in the development agreement.

Tom explained where they are adding different parts to their development now and in the future. Tent sites are one area, open area is another site, and common areas are another site. All three will probably end up having different ownership/names. The road will eventually have to be re-aligned; just not yet – they aren't to that point in the development.

Hal has an interest in where that road will be re-aligned because his grazing allotment runs along the fence where the road will be. As long as they don't want to move the fence, all will be fine. No new residential lots will be created with this.

Chairman Chelewski called the commission out of public hearing.

**Motion** was made by Wade Heaton to recommend approval, to the Kane County Commission, for Robert Hee, C.O.O., Amending/Extending Subdivision Plat, Canyon Land Development 1, LLC, Amangiri, 4, excepting lots 14, 15, & 30, parcels 3-3E-32-2, 3-3E-31-3, & 4-3E-6-3, with conditions as set forth. Motion was seconded by Danny Brown. Motion passed unanimously.

Chairman Chelewski called the commission into public hearing.

**Administrative Public Hearing**      **(4.) Lot Joinder: Michael & Michelle Conley**  
**Duck Creek Pines, Phase 6, lots 224 & 225, becoming new lot 224; submitted by New Horizon Engineering, Brent Carter holding Power of Attorney**

Brent Carter explained there was no house on either lot. They just wish to join the property together. They want to get rid of easements, but that will have to happen later.

Shannon reminded the P&Z members this didn't have to go to the commission.

Chairman Chelewski called the commission out of public hearing.

**Motion** was made by Danny Brown to recommend approval of the lot joinder, for Michael & Michelle Conley, Duck Creek Pines, Phase 6, lots 224 & 225, becoming new lot 224. Motion was seconded by Hal Hamblin. Motion passed unanimously.

Chairman Chelewski called the commission into public hearing.

**Administrative Public Hearing**      **(5.) Rural Unimproved Subdivision: Robert & Christy Barrick**  
**Whispering Pines, LLC, parcel 9-6-5-1; submitted by New Horizon Engineering, Brent Carter holding Power of Attorney**

Brent Carter explained his clients were creating a RUS subdivision; large parcels – almost 20 acres each. He said there were two properties next to it that were not owned by the Barrick's that have two cabins (neighbors). The rest belongs to the Barrick's.

Tony asked about the conditional approval; Shannon explained that Tom has to complete the rest of his review. (It is in the Ordinance that way.) It won't be put on the Commission agenda until the review is complete. This is so the client is not held up. It doesn't go to the Recorder's Office until it is completed.

Tony asked for clarification on the location in relation to the Alton turn-off and lake. Brent explained.

Chairman Chelewski called the commission out of public hearing.

**Motion** was made by Hal Hamblin to recommend approval, to the Kane County Commission, after the conditions have been met for Robert & Christy Barrick, of the Rural Unimproved Subdivision, Whispering Pines, LLC, parcel 9-6-5-1 for Tom Avant's completed review. Motion was seconded by Wade Heaton. Motion passed unanimously.

Chairman Chelewski called the commission into public hearing.

**Administrative Public Hearing**      **(6.) Rural Unimproved Subdivision: Dallen Williams & Craig Ghelfi Paradise Hill, parcels 9-6-9-7, 9-6-9-9 to 9-6-9-12; submitted by New Horizon Engineering, Brent Carter holding Power of Attorney**

Brent Carter explained the location of the property, north of the Alton Road. These are all currently separate parcels; the owners are going through this process to make them legal. A couple parcels have been left out of this process. No deeds need to be transferred (there is divided interest amongst the family). There is a prescriptive right to the roadway, but they will record dedicated access.

Chairman Chelewski called the commission out of public hearing.

**Motion** was made by Byard Kershaw to recommend conditional approval, to the Kane County Commission, for Dallen Williams & Craig Ghelfi, of the Rural Unimproved Subdivision, Paradise Hill, parcels 9-6-9-7, 9-6-9-9 to 9-6-9-12. Motion was seconded by Dale Clarkson. Motion passed unanimously.

Chairman Chelewski called the commission into public hearing.

**Legislative Public Hearing**      **(7.) Rural Unimproved Subdivision Zoning: Recommending changing zoning for the Rural Unimproved Subdivisions from Agricultural to Residential-5; submitted by Shannon McBride**

Shannon McBride requested this item be tabled at this time. There is already a way to handle abuses of this ordinance (in State Code).

Chairman Chelewski called the commission out of public hearing.

**Motion** was made by Danny Brown to table Item #7. Motion was seconded by Dale Clarkson. Motion passed unanimously.

**Motion** was made by Dale Clarkson to adjourn the meeting. Motion was seconded by Wade Heaton. The Chair called for the question and the motion passed unanimously.

Meeting was adjourned at: 6:50 pm
