

CHAPTER 22. PERFORMANCE STANDARDS

SECTION:

- 9-22-1: Purpose
- 9-22-2: General Provisions
- 9-22-3: Performance Standards Procedure

9-22-1: Purpose.

To permit potential nuisances from industrial or other uses to be measured factually and objectively in terms of the potential nuisance itself; to ensure that all uses will provide necessary control methods for protection from hazards and nuisances which can be prevented by modern processes of control and nuisance elimination; to protect any use from arbitrary exclusion based solely on the characteristics of uncontrolled production in this type of use in the past.

9-22-2: General Provisions.

No land or building in any zone shall be used or occupied in any manner so as to create dangerous, injurious, noxious or otherwise objectionable fire, explosive, or other hazard; noise or vibration, smoke, dust, odor, or other form of air pollution; heat, cold, dampness, glare, electrical or other disturbance; liquid or solid refuse or wastes; or other substance, condition or element in such a manner or in such an amount as to affect adversely the surrounding area or adjoining premises. The foregoing is hereinafter referred to as “dangerous or objectionable elements”. No use shall be undertaken or maintained unless it conforms to the regulations of this section in addition to the regulations set forth for the district in which such use is situated.

9-22-3: Performance Standards Procedure.

The Building Official or County Engineer may require performance standards review for compliance of any use in any zone when there is reason to believe that such use or the manner of its operation will not or may not conform to the performance standards adopted by Kane County, to include but not limited to Kane County Standard Specifications and Drawing Details for Design and Construction, Federal, State and Local EPA standards, ICC Codes, etc.
