# PROCEDURE FOR “COMPLIANCE REVIEW OF PREVIOUSLY DIVIDED PROPERTY”

The following is the procedure to submit an application and obtain approval for a “Compliance Review of Previously Divided Property.” (Kane County Resolution, No. R 2015-10). The purpose of this application process is to provide an official determination of the status of any divided property. This procedure will establish whether it was divided in compliance with state and local law at the time of the division. For property that was divided illegally, this process will help the applicant understand their options and limitations for moving forward and may provide a fast track approval to correct any procedural deficiencies. **This application should not be used if the property was divided after January 1, 2005 or if there was no survey completed prior to the division.**

1. If it has not been recorded already, obtain the Record of Survey Map created at the time of the division of land. The Record of Survey Map must have been completed by a licensed surveyor and must comply with Kane County Land Use Ordinance 9-21K-2.
2. If the divided land has a water and/or sewer system, or plans for a water and/or sewer system, obtain a letter of approval from the Culinary Water Authority and/or Sanitary Sewer Authority.
3. Sign and notarize the “Agreement of Understanding”.
4. Submit an application to the Land Use Administrator with required documentation.
5. After submitting the completed application the Land Use Administrator will conduct a review of the application. You will be notified of any problems with the application.
6. The Land Use Administrator will make one of the following determinations. 1) The land contained in the application was divided legally at the time and is currently in compliance with state and local subdivision regulations. 2) The land contained in the application was divided illegally due to substantive requirements of the law. 3) The land contained in the application was divided illegally due to procedural requirements of the law only.

Under No. 1, the Land Use Administrator issues a letter indicating that the land is in compliance. Under No.’s 2 and 3, the Land Use Administrator will issue a letter indicating that the land was divided illegally and set forth the potential processes for coming into compliance under current law. The application will then go to Planning Commission for final review and procedural approval.

7. Applications must be submitted no later than 10 days in advance of the next regularly scheduled Planning Commission meeting. It is highly recommended that the applicant or their authorized agent be present at the Land Use Authority meeting. Telephonic appearance is acceptable if prior arrangements are made.
8. After hearing the recommendation of the Land Use Administrator, the Planning Commission will approve or deny the application. Approved applications, and letter issued by the Land Use Administrator indicating that the divided land is compliant with subdivision requirements, may be recorded.
